USER GUIDE

Dear User,

The Treasure Box Braille (TBB) is a device that helps kids learn how to read braille. It presents Braille characters/words to the user who then responds by pressing buttons.

This software application allows educators to load different scenarios to teach different letters and keep the Braille-learning students entertained.

This user manual contains all the information an educator would need to create fun and educational scenarios using the TBB.

Please do not hesitate to contact our team at _____ with any questions or concerns about this product. Furthermore, we would love to hear any feedback you have about this software.

Happy teaching!

Sincerely,

CRS_Group3
